

International Journal of Modern Engineering
Volume 8, Number 1, Fall 2007

From the Editors

2008 IJME-NAIT Joint International Conference

by Mark Rajai (Northern Kentucky University), Dan Jennings (Texas A&M University)..... 1

Articles

Expectations for a New Aeronautical Engineering Technology (AET) Program

Renee M. Hendricks, David L. Stanley (Purdue University)..... 2

Factory-In-a-Box – Mobile Production Capacity on Demand

Mats Jackson, Abedullah Zaman (Mälardalen University, Sweden)..... 12

WIP: A Study on the Development of Endodontic Micro Robot

Janet Dong (University of Cincinnati), Shane Hong (National Chiao Tung University of Taiwan), Gannar Hesselgren (Columbia University)..... 26

A Generalized Model for Cost of Manufacturing: A Deviation-based Formulation

Nilmani Pramanik (University of Northern Iowa)..... 35

Senior Design Capstone – A Winning Model

Gary S Drigel (Miami University)..... 46

A Study on Machining of Sculptured Surfaces

Anton Gittens, Boppana V. Chowdary (The University of the West Indies, Trinidad and Tobago)..... 56

Bringing the Spirit of Industry into the Engineering-Technology Classroom

Djafar K. Mynbaev (New York City College of Technology)..... 69

Common Misconceptions about Saturation Voltage in Nanoscale MOS Transistors

Bertrand M. Grossman (Bronx Community College)..... 85

CLDT: A Combinational Logic Design Interactive Web-based Tool

Rasha Morsi, Linton Russell (Norfolk State University)..... 96

A New Design for Audio Clipping Pre-amplifiers Based on Silicon Control Rectifiers

Daniel S. Lamb, Sukumar Kamalasadana (University of West Florida)..... 111

Comparison Classical Method of Education and Modern Web-Based Distance Learning System (WBDLS)

Ramin Sadeghi, (Power and Water University of Technology, Iran), Saeid Moslehpour (University of Hartford)..... 128

Software Review

A New Dimension to Land Development and Subdivision Design: Application of AutoCAD Civil 3D

Tarig Ali (University of Central Florida), Ali Mehrabian (University of Central Florida)..... 143

Book Review

Digital Electronics: A Practical Approach, 8/E

Saeid Moslehpour, (University of Hartford)..... 148

Instruction for Authors (Inside Back Cover)
